Brief summary of my Theoretical Approach: Energy Healing and Reiki are a gentle, hands-on form of non-invasive energetic healing provided to facilitate physical, emotional, and mental healing. It is performed fully clothed. The energy flows to where needed in the body, aura, or spirit. Effects from the healing session may not be felt immediately, as it is subtle healing on many levels, so trust in the process is vital.

Possible sources of information are Minnesota Wellness Directory, the Edge newspaper directory, or the telephone yellow pages. You may ask your practitioner and she will provide this information to the best of her knowledge.

Selecting and Changing Practitioners: You have the right to choose freely among available practitioners and to change practitioners after services have begun, within the limits of health insurance, medical assistance or other health programs. If these services are covered by your health insurance, medical assistance plan or other health program, you should direct all questions about coverage to your health insurance provider.
