Crystal Alignments: Moldavite

Have you ever needed a reminder to look in a new direction when you are feeling stuck? Or need to expand outside of yourself for a new perspective? Welcome to the magic of Moldavite.

Moldavite is a wondrous olive green form of tektite, a meteoric impact resulting in a glass-like formation. It's geological origins are greatly debated, however, as some believe it to be a form of obsidian, yet others believe it truly is extraterrestrial material. It is found only in one area of the Czech Republic and is said to be 15 million years old. Historically Moldavite can be traced back over 25,000 years, when it was found near the famous carved goddess Venus of Willendorf, and most famously, may have been carved as the Holy Grail in the legend of Arthur. There is a great deal of myth and legend surrounding Moldavite that has fascinated people for centuries.

Energetically, Moldavite is an important stone. Its high vibration is all about transformation in action. When you are feeling stuck or blocked in your life, Moldavite can assist in moving the energy into a new space of a higher frequency. It encourages us to expand beyond our current thinking and move our thoughts to a new perspective. There is an aspect of freedom, allowing us to move between heaven and earth with ease, evolving, and stretching outside of ourselves.

Are you opening up psychically?
Moldavite will also help stretch your

psychic abilities to new realms (and I would offer a gentle suggestion to use it in doses if you are newly opening or have not worked with crystals much, as it can be overwhelming for some). It is wonderful to help us connect with beings from other planets, since it is of extraterrestrial origin, and can help with astral travel, meditation, or the dreamtime. This stone also works on a deep level of healing that gets to core issues from this lifetime or other lifetimes that need to be

released.

It encourages us to expand beyond our current thinking and move our thoughts to a new perspective.

Recently I was feeling rather disheartened and unclear about my own spiritual path. There wasn't really any connection I could feel to myself or my guides around me, and since I had a live webcast to offer that night, I was grasping for any crystal I could to help me get through it. As I started the webcast I was feeling slightly more connected and confident, but as I grabbed the Moldavite and started sharing information about it, I felt my whole body shift and relax. I was gently reminded that I am always a spiritual being and while my 3-D life may not always be what I wish it to be, it's always in divine order.

What a gift! I hope that you can find its gifts as valuable on your own journey, and remember that we are all spiritual beings having a human experience.

A note about crystals and stones: they do not "heal" us. They do remind us of who we are, however, which is always perfect and divine. The law of resonance applies when working with the mineral kingdom, meaning when we bring our bodies and energies into contact with a crystal or stone, we will resonate or vibrate at the same level, which teaches us to embody the gift or "personality" of the crystal. Every crystal and stone will work differently with each person, however, and I encourage you to have your own experience with them. The usual disclaimer: always consult a medical doctor or mental health practitioner when in need.
